

2017 Final ACO Performance Results Released

CMS released the final 2017 ACO performance results on August 13, 2018. This data release outlined final financial and quality results for both Rocky Mountain ACO (RMACO) and San Juan ACO (SJACO).

Both ACO's final 2017 financial positions speak to the ACO achieving savings for the CMS program. RMACO saved CMS a total of **\$3,824,593** in 2017 while SJACO saved CMS a total of **\$1,149,594** in 2017. These numbers combined represent **\$4,974,187** of total savings to the CMS program which can be credited to Community Care Alliance for the 2017 ACO cycle year.

RMACO received a final quality score of **94.38%** and SJACO received a final quality score of **96.21%**. Both scores are favorable and lie above the national ACO quality score average of **92.40%**.

2019 Final ACO MIPS Payment Adjustment Released

CMS has finalized 2019 MIPS payment adjustment rates for our ACO participants. This budget-neutral CMS Quality Payment Program (QPP) works to define Part B fee-schedule increases year over year. For the 2019 calendar year our ACO participants will see positive increases.

SJACO will see a total positive MIPS part B fee schedule adjustment at the rate of +0.96% for 2019.

RMACO will see a total positive MIPS part B fee schedule adjustment at the rate of +1.27% for 2019.
