February 25, 2021 9:00AM (EST)	Continuous Supply Chain Assurance: Always Know Your Risk

Let's Get Certified!

Why certify? ISACA certifications are globally accepted and recognized, and they give you the credibility you need on your quest for career advancement. Certification proves to employers that you have what it takes to add value to their enterprise. In fact, recent independent studies have consistently rated ISACA's designations among the highest impactful certifications that an IT professional can earn. If you want to boost your earning potential as well as enhance your professional credibility and recognition, click on one of the pictures below to begin your path to certification.

Click on an image above for the **CISA**, **CRISC**, **CISM**, **CGEIT**, or **CDPSE** certification exam and you can now choose to schedule and take your exam from the comfort and safety of your home, or anywhere, at a date and time that is convenient! If your testing center remains open, you are welcome to take your exam in person if you prefer. Either way, there is no additional cost to take your exam online.

Member Spotlight

Not a Member?

By joining ISACA, you'll gain access to countless tools, techniques, guidelines, webinars, and periodicals to keep you up to date in our ever-changing profession. Oh, did I mention you'll save money by joining?! If discounts to upcoming training and exam prep materials doesn't pique your interest, how about 70+ hours of FREE CPE's, FREE audit programs and so much more?!

Visit the [South Carolina Midlands Chapter of ISACA](#) website and follow the [Join ISACA](#) link for more information on becoming a member of our growing community.

Reading Nook

We're all familiar with and likely using the phrase "social distancing" in our regular vocabulary these days, but are you cyber-distancing too? With working from home being the new normal, it's more important than ever to segment your work and home activities. Keeping a proverbial 'six-foot distance' between our digital home life and digital work life can go a long way when it comes to safeguarding our most sensitive data.

Click [here](#) to read more.

Technology Anthology

Visit the [Technology Anthology](#) section of the [SC Midlands Chapter](#) of ISACA's website for a list of archived chapter newsletters.
