ITCA—
Information
Technology
Certified
Associate

The next best thing to real-world IT experience, this new certification provides a blend of knowledge and performance-based components that serve to validate that you're ready to go to work on day one of the job. Five knowledge and performance-based certificates stack up to one career-advancing certification that's ideal for beginners and those looking to demonstrate fundamental understanding of essential areas of IT.

March 23, 2021 9:00AM (EST)	Home to Office: A CISOs Guide to Security Hybrid Working Environments

Let's Get Certified!

Why certify? ISACA certifications are globally accepted and recognized, and they give you the credibility you need on your quest for career advancement. Certification proves to employers that you have what it takes to add value to their enterprise. In fact, recent independent studies have consistently rated ISACA's designations among the highest impactful certifications that an IT professional can earn. If you want to boost your earning potential as well as enhance your professional credibility and recognition, click on one of the pictures below to begin your path to certification.

Click on an image above for the **CISA**, **CRISC**, **CISM**, **CGEIT**, or **CDPSE** certification exam and you can now choose to schedule and take your exam from the comfort and safety of your home, or anywhere, at a date and time that is convenient! If your testing center remains open, you are welcome to take your exam in person if you prefer. Either way, there is no additional cost to take your exam online.

Member Spotlight

Not a Member?

By joining ISACA, you'll gain access to countless tools, techniques, guidelines, webinars, and periodicals to keep you up to date in our ever-changing profession. Oh, did I mention you'll save money by joining?! If discounts to upcoming training and exam prep materials doesn't pique your interest, how about 70+ hours of FREE CPE's, FREE audit programs and so much more?!

Visit the [South Carolina Midlands Chapter of ISACA](#) website and follow the [Join ISACA](#) link for more information on becoming a member of our growing community.

Be sure to visit the [engage](#) site for the SC Midlands Chapter of ISACA!

Reading Nook

Security awareness. This topic is one that we're all familiar with, and we should all take measures to ensure it stays in the forefront of our minds. So, who's up for an interactive game to get refreshed on security awareness?
